

Vision Statement

'...a place where learning takes you to greater heights...'

Vision

This will be achieved:

1 – in a school community where our Golden Rules and Values make all children feel welcomed, valued, and respected.

2 - with a teaching and learning culture of high expectations for all children and adults, ensuring a strong, broad and balanced curriculum.

3 – by encouraging curious and creative minds, where children are encouraged to succeed and allowed to make mistakes, building upon their individual ambitions.
