Dear Families,

Subject: Exciting Science Week Event – Longleat Animal Experience

To celebrate National Science Week, we are thrilled to announce that our students from Year 5 have been invited by Millfield School to participate in a unique and hands-on experience. Longleat keepers will be joining us with a variety of animals for the children to observe and interact with, accompanied by an engaging and educational talk from the keepers themselves.

The event will take place on:
Thursday 12th March | 2:00 pm – 3:00 pm

Children will need to be collected from school at 1.30pm and taken to Millfield Secondary school, Butleigh Road, Street. BA16 0YD

To make this experience possible, we kindly request family support with transporting pupils to and from the venue, as the school is unable to provide transport. Where possible, we encourage families to coordinate lift sharing to help make arrangements easier for everyone.

Please complete the consent form below, ensuring you provide:

- Permission for your child to attend the event
- Details of how your child will travel, including the names of those responsible for taking and collecting them

We greatly appreciate your support in making this event a memorable experience for the children. If you have any questions or need further information, please do not hesitate to contact me.

Thank you for your continued support.

Kind regards,

Hannah Lintern
Deputy Headteacher
